

July, 2007

Dear Management:

The Huntingtown High School Band Boosters support all of the band programs at Huntingtown High School, which is in your local community. We are currently preparing for the 2007 Marching Band season, which will require our students to perform at all of the home football games and in **Tournament of Band** events in Maryland, Delaware, New Jersey and Pennsylvania.

Our marching band students work diligently throughout the summer during the students' summer vacation in order to prepare for these events. The students pay fees to cover some of the "band camp" expenses, but we strive to keep these fees low in order to include as many students as possible in our program.

Part of the band camp expenses are meals each evening for the students. They rehearse for 12 hours a day in the August sun and heat and need food and beverages! We are requesting a donation from your company to help with these expenses.

We appreciate any support you can give to our organization which is there to support the students of Huntingtown High School. Thank you for your time.

Sincerely,

Lori Whitford
